MINERS PROTEST BUT SIGN AWARD

Two-Year Contract Embodying Terms Specified by Commission, Signed by Operators

MANY QUIT WORK

Fully 170,000 Workers Fail to Report at Mine in Protest Against Award

Scranton, Sept. 2. — Anthracite operators and miners tonight signed a two-year contract embodying the terms of the award made by the coal commission and approved by President Wilson. The agreement was signed under protest by the representatives of the miners whose scale committee will meet here tomorrow for the purpose of asking that the wage agreement be reopened and the mine workers given such further increases as was done in the case of the bituminous coal diggers.

Consider Award "Unfair."

The scale committee went on record in a statement to the operators that the award of the commission was "far from being satisfactory," that it was economically unsound, disturbed the differentials, straddled the real issues, would cause confusion and react against harmony and co-operation."

The miners were prepared to present new demands at once, but it is understood the operators let it be known they were there for one purpose and that was to accept the award as approved by President Wilson and that if the workers had anything further to communicate, it would have to go through regular channels.

It was said the miners' scale committee might decide tomorrow to communicate directly with President Wilson requesting him to have the wage agreement reopened.

Thousands Quit Work.

While the negotiations were going on today, it was estimated that at least half of the 170,000 mine workers of all classes in the anthracite region had quit work as a protest against the award.

Coal operators tonight said they were inclined to believe certain union leaders were not adverse to the men failing to report for work and in support of this belief pointed out that in places where the men are 100 per cent organized and the union had complete control, no efforts had been made to keep the men at work.

It was said the operators were not unanimous to have their scale committee sign the award in the face of the large suspension of mining, feeling that some assurance should be in evidence that the men would return to work and abide by the agreement.

Additional Increase Sought.

Under the award accepted today, contract miners will receive an increase in pay of 17 per cent; men employed by the day, known as company men, 20 per cent, and certain other unskilled labor 25% per cent.

It was said tonight that miners desire an additional increase of 15 per cent for the contract miners and that the company men should receive a further advance of $2 a day. Other demands will also be made, it was said, so as to bring conditions and wages in the anthracite field on a par with those in the bituminous region.

COX OFF ON SWING THROUGH 22 STATES

Tour Undertaken by Nominee Is Most Extensive Since That of Bryan in 1896

Columbus, O., Sept. 2. — Governor Cox left here tonight on a month's swing through the west.

In Michigan tomorrow the Democratic presidential candidate starts his speaking trip—the most extensive political tour undertaken since William J. Bryan in 1896—which will take him around 9,000 miles, through 22 states and end October 3 at St. Louis. The Governor expects to reach many hundreds of thousands of persons with the doctrines of democracy on the tour arranged to traverse the northern tier of states to Bellingham, Washington, back to Utah, thence to San Francisco and east via Los Angeles and the south and central west states.

The Governor will spend the last month of his campaign in the east and middle west.

The League of Nations, progressivism and Republican finances are scheduled to be the principal themes of the Governor's tour, which will include many rear platform addresses. Through Michigan tomorrow, he said he expected to weigh on Republican contributions, and possibly present some new information in support of his charges that a $15,000,000 "corruption fund" was being raised.

Agricultural problems were discussed by the candidate here today before representatives of the national board of farm organizations. The Governor said that he would name "dirt farmers" to responsible government positions and declare for co-operate selling and purchasing by farmers.

SAYS HAS PROOF OF COX CHARGES

Nominee's Personal Representative Subpoenaed by Committee, Promises Revelations

MEET NEXT TUESDAY

Six Republican Leaders Among Those Who Will Be Questioned at Next Hearing

Chicago, Sept. 2. — Democratic witnesses today were unable to present to the senate committee investigating campaign expenditures the data on which Governor Cox based his charges of a $15,000,000 Republican campaign fund, because of the adjournment of the committee until Tuesday.

At the request of Senator Reed and Pomerene, the Democratic members, Chairman Kenyon tonight issued a list of subpoenaes for witnesses, chief of whom is Edmund H. Moore of Youngstown, O., Governor Cox's personal representative. Mr. Moore was here today for the announced purpose of presenting to the committee all the data in Governor Cox's possession regarding the campaign expenditures, but he was not called during the brief session

Subpoenae Republican Leaders.

Several of the subpoenaes were withheld from publication at the request of Senators Reed and Pomerene.

Among those made public were six Republican leaders, including Harry M. Blair, of Marion, O., assistant to Fred W. Upham, Republican national treasurer The others are Dudley S. Blossom, Cleveland; Garrett Kinney, Chicago; Walker S. Dickey, Kansas City, Mo.; John J. Bryson, Brazil, Ind., and R. G. Garrett, of Kentucky. They are chairmen of the Republican ways and means committee in their respective states, charged with apportioning the Republican budget within their territories.

The six Republicans were called at the request of Senator Reed, who announced he wanted to find out how Treasurer Upham's collecting machinery was functioning in representative states. Decision of the committee to recess today to permit members to keep week-end speaking engagements was unexpected. Mr. Moore had appeared to take the stand and had told newspapermen he expected to present documents in support of Governor Cox's charges that millions were flowing into the Republican campaign chest.

Senator Poindexter Testifies.

The committee heard Senator Miles Poindexter of Chicago, and Hermann Hencke, treasurer of the National Young Men's Republican league and then adjourned.

Mr. Moore told newspapermen he would attempt to prove that the Republican leaders had publicly announced last January that they planned to raise a $16,000,000 campaign fund and "had boasted of it." He also declared $25,000 had been raised in Atlanta, Ga., prior to June 14 by a man who later "became so disgusted when Senator Warren G. Harding was nominated that he quit the party."

Mr. Upham testified earlier in the week that the quota of the entire state of Georgia as $25,000, and said that $2,055 was all that had been raised.

Failure to hear all witnesses here today upset the committee's plan to meet in Pittsburgh next week and inquire into charges that the liquor interests there had assisted Attorney General Palmer's campaign for the Democratic nomination for president. The plan, however, has not been dropped and Senator Kenyon said tonight that the committee would go to Pittsburgh probably as soon as it heard the witnesses subpoenaed here.

HARDING'S VISION WARPED

So Declares Mayor Lunn, Schenectady, Speaking of Nominee's Peace Views.

Ithaca, Sept. 2. — A plea for the entrance of the United States into the league of nations and an attack on Charles F. Murphy, leader of Tammany hall, were features of a political address at the Tompkins county fair here this afternoon by Mayor George R. Lunn of Schenectady, candidate for the Democratic nomination for United States senator.

Mr. Lunn declared Senator Warren G. Harding, Republican presidential nominee, possesses a "warped vision" in "advocating a separate peace with Germany."

CITIES MAY BUILD HOUSES.

New York, Sept. 2. — Governor Smith today declared himself an unqualified advocate of a proposal to empower New York city and other municipalities to meet their housing problems through municipal construction of dwellings. This declaration was made at the joint legislative housing committee hearing here.

DESCHANEL NOT TO QUIT.

Paris, Sept. 2. — An official denial was issued by Elysee Palace today of reports published by provincial newspapers and widely circulated in Paris that President Deschanel, at the request of Premier Millerand, had tendered a letter of resignation from the presidency.

U. S. SUBMARINE S-5 IN CRITICAL PLIGHT; SUBMERGED 35 HOURS OFF CAPE HENLOPEN ON FIRST VOYAGE

Washington, Sept. 2.—The United States Submarine S-5 was being kept barely at the surface of Atlantic ocean, 55 miles east of Cape Henlopen by a precarious hole secured on her stern by the General Goethals, an army transport with a dozen vessels of the navy racing from various points to her rescue.

With her crew of four officers and 26 men, the S-5 had been submerged for 36 hours, but through a hole cut in her stern by the crew of the General Goethals, enough air is being pumped to keep the men alive until naval quipment rushed on the fastest vessels available can get there to complete her rescue.

How the S-5 became disabled and how the General Goethals learned of her plight had not been learned today by the navy department.

Captain Hutchinson, assistant chief of operations, said the battleship Ohio from the southern drill grounds, was under way for the spot as were two destroyers from the Norfolk base, a destroyer with naval constructors and special equipment from Philadelphia, and a fourth destroyer and the torpedo ship Bridgeport, from New York.

The rescue vessels are under orders to get the men out first, Captain Hutchinson said, by raising and cutting into the submarine. Messages from the General Goethals said that sufficient air had been gotten into the hull to revive the crew and explained that the S-5 position in the water was almost vertical.

Cables from the submarine's stern to the General Goethals are proving sufficient to hold her to the surface and the men were landed who cut the hole through which the air pipe was introduced.

The S-5 has been on special recruiting duty at Atlantic ports. She is commanded by Lieutenant Commander Cook. Her present position was given as latitude 38.30, longitude 74.05. Besides the General Goethals, the steamer Olanthus also is standing by, and it is believed that she can be held safely until the navy boats with lifting apparatus and experts and workmen reach her.

The rescue boats are equipped to cut the side out of the submarine if necessary. Her peculiar position in the water has probably made it useless to attempt to take any men out the occasionally used routes of the torpedo tubes, Captain Hutchinson explained, because the tubes are in her bow and point toward the ocean bottom. The hole which the General Goethals has been able to make is only a small one and not large enough to withdraw any of the men.

New Haven, Conn., Sept. 2. — A wireless message from the United States Steamship General Goethals picked up at Farmington, Conn., tonight, says the United States submarine S-5 has been submerged 35 hours and asks that destroyers be sent to her rescue.

The submarine's last position was reported in latitude 38.36 north and longitude 74.00 west, which is virtually due east of the Delaware cape.

The radio was received by David L. Moore, who has a wireless outfit at his home in Farmington. It read as follows:

"On board U. S. S. General Goethals, at sea, September 2. Send destroyers with gear to relieve crew in submerged submarine S-5. Been in this condition 35 hours. Bring materials for cutting through hulls."

Inquiry at the United States submarine base at New London brought a statement from officers that nothing was known there about the report on the S-5. Officers said, however, that a submarine could remain submerged for a much longer period than 25 hours without danger to the crew providing its mechanism was in working order.

Philadelphia, Sept. 2. — Air is being pumped into the submarine S-5 by two steamers which are standing by the submarine 55 miles southeast of Cape Henlopen. The crew of 24 men and six officers are still alive, according to wireless advices just received at the Philadelphia navy yard. A torpedo boat is on the way to assist in the rescue.

Boston, Sept. 2. — The submarine S-5, reported in trouble, left the navy yard here on Monday for Baltimore, on recruiting service, carrying 35 men and two officers. She was recently commissioned and it was understood that this was her maiden trip.

Washington, Sept. 2. — Secretary Daniels of the navy department confirmed the report of the sinking of the S-5 tonight and said that vessels had been ordered to her assistance at once.

Naval commanders at both New York and Philadelphia, Mr. Daniels added, have been ordered to detail available vessels and equipment for the rescue work. The department has received nothing more tonight than was contained in the wireless messages already made public, he said.

Philadelphia, Sept. 2. — The United States destroyer Overton, equipped with emergency apparatus to meet any emergency, sailed from the navy yard here tonight to the rescue of the submarine S-5, 55 miles southeast of Cape Henlopen. All speed was made down the Delaware river and officials at the navy yard expect the Overton will reach the submerged vessel at daylight.

New York, Sept. 2. — The officers and men of the submerged submarine S-5 have been greatly revived by the pumping of fresh air into the vessel, according to a wireless message received here tonight from the Steamship General Goethals.

The message said:

"Four officers and 25 men have been revived considerably by fresh air pumped through a small hole made in side of submarine. Men from Goethals cutting hole in stern. Chance of relieving crew before destroyer's arrival about midnight doubtful."

RIGA PEACE CENTER.

Paris, Sept. 2. — M. Tchitcherin, the Russian Soviet foreign minister, in a wireless to Prince Shpieha, the Polish foreign minister, picked up by Paris this afternoon, accepts Riga as the scene of further peace negotiations between Russia and Poland.

NEW YORK LABOR IN STRIKE WAVE

Painters, Plumbers and Moving Van Men Walk Out in Demand For "Living Wage"

New York, Sept. 2. — The triple strike of painters, plumbers and moving men was not as widespread today as had been expected.

More than half of the 15,000 painters, paper hangers and decorators, according to union leaders, won their demands for $10 a day on eight hour day and a five-day week. Approximately 7,000 in the trade quit work, they said.

Many employers of plumbers, union leaders said, have granted the men $9 a day, a 44-hour week and curtailment of overtime labor, consequently few of those who had threatened to strike did so today.

Striking van men announced about 100 independent moving van and storage men had signed contracts with the teamsters' union agreeing to an eight-hour day and $5 a week increase. This affects several hundred men, they said. The Van Owners association announced tonight its members would not yield to the strikers demands as three increases aggregating $12 a week have been granted to the men in the last year.

At least 75,000 carpenters, joiners and other construction workers will walk out at 4 o'clock tomorrow afternoon unless their demands for a "living wage" are met, according to W. J. Kelley, national secretary of the Amalgamated Metal Workers. The affiliated unions which are backing the strike of the plumbers, painters and moving van workers contemplate extending the strike, he declares to all lines of manufacturing in greater New York.

JUDGE MAYER WOULD END B. R. T. STRIKE

Better Service on All Lines Was Maintained During Rush Hours Yesterday

New York, Sept. 2.—Federal Judge Mayer, legal custodian of the Brooklyn Rapid Transit company, after a conference late tonight with Lindley M. Garrison, receiver, made public the terms upon which he declared the strike involving several thousands of the company's subway, elevated and surface car employes may be ended. The terms, which were drawn up in response to a request from the board of estimates late today after Governor Smith had vainly endeavored to bring about a settlement of the controversy, are:

That all employes, except those who are responsible for the strike, shall return to work.

That on their return to work their seniority and other privileges shall be restored to them.

That the 10 per cent wage increase shall apply immediately.

That the employes shall have the right of collective bargaining fully assured to them.

That the employes shall be assured of free opportunity to select representatives of their own choice to deal directly with the management.

B. R. T. officials announced that 155 trolley cars, 132 elevated and subway trains, consisting of 568 cars, were in operation during the homeward rush hours tonight. Additional surface lines would be opened tomorrow, it was said.

BELFAST HAS QUIET DAY

Two More Victims of Recent Riots Die, Bringing Total Now to 29.

Belfast, Ireland, Sept. 2. — Belfast today has been quieter than for a fortnight past owing to the steady rain which has fallen. Two more victims of the rioting died in the hospital today, bringing the death to a total of 29. It is believed that there are more than 250 wounded distributed among the various hospitals. Many of the cases are serious.

Military precautions have not been relaxed and the police today continued the raiding of suspected houses. They secured in one instance nine rifles and 5,000 rounds of ammunition.

General Bainbridge, who is in command of the city, issued an order today, calling for a cessation of evictions and persecutions on grounds of religious differences.

WAR CONTRACTS PROBE IS BEGUN

Prosecution of 324 Contractors Marks Beginning of Department of Justice "Clean Up"

Washington, Sept. 2. — Prosecution of 324 contractors, marking the beginning of a move by the government to clean up its war contracts controversy has been ordered by the department of justice. The proceedings will include both criminal and civil action, and involve "millions of dollars," department officials said today.

Practically all of the cases embraced by the prosecution order were turned over by the war department, but there were indications that similar cases would be received from other government departments. The shipping board is understood to be planning to request criminal prosecution in half a dozen papers in addition to those already in the hands of the attorney general.

The contracts on which action will be pressed were said to involve amounts "ranging from a few thousand to a few million each." They include agreements for the furnishing of supplies of nearly every commodity which the government purchased for war purposes, as well as the construction of camps, cantonments, warehouses and other facilities for the training of the army.

Officials express the belief that, although the war department had failed to reach an agreement, many of the controversies would be settled out of court.

With respect to a score or more of the contract settlements in dispute, there was the belief that "honest mistakes" had been made by the contractors or subcontractors, and that an investigation of records would produce ground on which adjustment of the matter could be easily made. It was said that in other cases, however, "plain fraud and conspiracy" had been proved so clearly that no other course was open to the government excepting direct action looking to indictment of the law violators.

Robert P. Scott, assistant to the attorney general, said it would be the policy of the government not to deal leniently with the fraud cases. He explained, however, that contractors against whom civil proceedings only would be instituted would be given every opportunity to straighten out controversies before the matter was thrown into litigation. The contracts represent practically every section of the country and court action will be sought in local jurisdictions.

POLAND OBJECTS TO BOUNDARIES

"Artificial" Limits Established by Peace Conference Detrimental to Her Military Operations

ANSWER U. S. NOTE

Hope For a Speedy Peace That Will Put Aside Any Difficulty That May Arise, Is Voiced

Washington, Sept. 2. — Poland has declined to jeopardize her military operations against the Bolsheviki by binding herself to regard "artificial boundaries" laid down at the peace conference.

Replying to Secretary Colby's suggestion that Poland remain within the lines specified by the peace conference, the Polish government states its position as follows:

"Notwithstanding the sympathetic attitude of our allies, the Polish nation had to face the danger alone, and political events proved that it must in the first place rely upon its own military strength. If military operations necessitated the measures to prevent a renewed invasion of Poland, it could hardly be considered fair that artificial boundaries that do not bind one opponent should interfere with the military operations of the other."

Note Made Public.

The text of the correspondence between the American and Polish governments relative to the Polish-Russian situation, was made public tonight at the state department. It consisted of a message addressed to President Wilson by Premiers Witos of Poland, a note by Secretary Colby under date of August 21, and two replies from the Polish government, one under date of August 28, and the other of August 30.

General nature of the correspondence has become known previous to its being made public tonight, and state department officials yesterday characterized the Polish reply as "entirely satisfactory."

The message of Premier Witos to President Wilson was made public by the Polish government at the time it was sent. Secretary Colby, in acknowledging, took occasion to call attention to the recent notes of the American government to the Italian government, expressing the belief that the territorial integrity of Russia should be respected.

America's Attitude Gratifying.

Continuing, Secretary Colby said:

"The United States applauds the steadfast gallantry of the Polish army in its defense of Warsaw and is sympathetic with all necessary measures which Poland may take to preserve its political and territorial integrity. This government, however, urges that every reasonable effort be made to terminate the present bloodshed. It could not approve the adoption of an offensive war program against Russia by the Polish government."

The Polish minister of foreign affairs, Prince Sapieha, in his first note of reply, declares that the solicitude expressed by the American government for the maintenance of political independence and territorial integrity of Poland was "very gratifying to the Polish nation and has been highly appreciated by the Polish government as a guarantee that the rights of the Polish nation never shall be curtailed."

Reds Disregard Limits.

Direct answer to Secretary Colby's admonition to abstain from territorial aggression against Russia was made in the second note forwarded by the Polish government in which the intention of the United States government was drawn to the circumstances that the provisional eastern frontier laid down by the peace conference has not been respected by the Bolsheviki government. "In spite of the diplomatic intervention of our allies, the Red army has for a whole month advanced and ravaged territory which is admitted by all as being ethnographically Polish."

The note adds that "the Polish government hopes that a speedy and just peace will put aside any difficulty that may arise in the case of future wars. It is very gratifying that the Polish nation feels that in the effort to arrive at a just peace it has the support of the United States government's sympathetic attitude."

BLAME HOSPITAL ATTENDANT.

Binghamton, Sept. 2. — Thomas Smith, aged 55, an inmate of the State hospital of Binghamton, died today from effects of injuries said by police to have been inflicted by an attendant, Michael J. Killian. The latter is under arrest. Smith died from a brain hemorrhage caused by a blow. Killian alleged the attack was provoked by abuse he received from the inmates.

BOUNDARY NEGOTIATIONS OFF.

Berlin, Sept. 2. — Negotiations between the Poles and Lithuanians over the boundary between the two countries have been broken off, according to a statement made here today by the Lithuanian agency, following the receipts of a message from Kovno, confirming recent reports of a clash between Polish and Lithuanian troops near the Fais Prussian border.

CHICAGO CUBS HEAR HARDING

Chicago Ball Tossers Hear Senator Harding, Then Take Part in Complimentary Game

TALKS TO TEACHERS

Nominee Advocates Better Compensation, But Declines to Endorse the Smith-Towner Bill

Marion, Sept. 2.—Dividing his time between work and play, Senator Harding today made two front porch speeches, held several conferences on political issues and campaign management and then went out to see a baseball game, which was played in Marion as a special compliment to his enthusiasm as a fan.

The Chicago Cubs, brought here by their owner to give the nominee his first glimpse this season of a major league club, were matched against an improvised Marion team in an exhibition that resulted in a 3 to 1 victory for the visitors. Senator Harding pitched the first three balls across the plate and during the game, he and Mrs. Harding rooted with several thousand of their neighbors for the home team.

Knox Interviews Nominee.

One of the nominee's speeches, delivered earlier in the day, was to the Cub team, which marched in a body to his front porch and presented its compliments through President Zeeck as spokesman. In a reply phrased in the language of the diamond, Senator Harding declared his hope in the campaign was to develop teamwork among the American people so that the nation will still fly proudly "the pennant won at home and held respected throughout the world."

The other address was to a delegation representing various teachers' organizations and was in advocacy of better compensation for the teaching profession. He declined, however, to accede to a request made by his callers that he endorse the Smith-Towner bill providing for a federal department of education and larger federal participation in school financing.

Senator Knox of Pennsylvania, former secretary of state and a leader among the irreconcilables of the senate during the treaty fight, was one of those with whom the nominee conferred during the day. The country's foreign policy and particularly the proposal of Senator Harding for a new association of nations was the subject of their talk, but the specific considerations of the conference were not revealed.

Predicts Democratic Defeat.

Senator Knox tonight declared his conviction that the foreign policy of the Wilson administration would be repudiated at the November election and that Senator Harding's stand would commend itself to the voters of the country.

"The one great thing to be hoped for in the campaign," said Senator Knox, "is an adequate appreciation of its opportunities for the Republicans of all sections to record their protest against the maladministration of national affairs during the last eight years.

"Senator Harding has made it clear that we are not independent if we surrender any of our functions of government to an alien council and but one thing can excuse such surrender of our independence and that is our conscious willingness to do so. Only an avowal of lethargy and indifference to the highest duties of enlightened government can justify transferring their discharge to strangers.

"You cannot conduct a political campaign on a specific foreign policy. But you can on the question as to whether our foreign policies, whatever they are, shall be submitted to foreign control."

William Wrigley jr. and A. D. Lasker, chief owner of the Cubs, and prominent in the Republican national committee's publicity work, accompanied the club to Marion and during the day talked over various subjects of party management with the nominee.

AT MACSWINEY'S BEDSIDE

Wife and Sisters Watch Constantly Over Cork's Lord Mayor in Brixton Prison.

London, Sept. 2.—The condition of Lord Mayor MacSwiney as announced late tonight at Brixton prison was without change. He was said to be extremely weak.

Mrs. MacSwiney and the mayor's two sisters, Mary and Anne, took turns at the bedside watching during the day.

"I feel that the end is near," said one of the sisters this morning. "He realizes that he is very low and asked me this morning to read to him from the devotional manual, 'certain thoughts on death.'"

But for two hours' sleep last night the mayor would have been dead this morning said his brother. This was the twenty-first day of his fast.

CALL BOLSHEVIK RESERVES.

Washington, Sept. 2. — All available Bolshevik reserve forces have been ordered from Petrograd to the fighting and are in the vicinity of Grodno, the state department was advised today in dispatches of August 31.

K. OF C. TEAM TAKES THREE

SCHENECTADY BUNCH TRIM STAMFORD, WALTON AND ONEONTA.

Visitors Make Hits When Needed, Which Weidman's Cubs Were Unable to Do — Same Teams Play Again This Afternoon.

After trimming Stamford Wednesday afternoon, 1 to 0, and then going to Walton, where yesterday morning they beat the Walton nine eight to one at the Walton fair grounds, the K. of C. team from Schenectady rolled into Neahwa park about a quarter of an hour late yesterday afternoon for the game with Weidman's Cubs. They appeared as fresh and rosy as if they had been in training for a week for the afternoon encounter, and took the measure of Weidman's Cubs to the tune of 5 to 2, playing a fast and hard game. They meet Walton again this morning and will return to Oneonta this afternoon in time for the final game with the Cubs.

The Cubs took as many safe bingles as their opponents managed to gather off Kinnere, but they failed in equal ability to get them when they were most needed. In fact the woeful lack of ability to hit with men on was painful to local fans. It may have been attributable to the good work of Signor, who twirled good ball for the visitors. In the first Duval, first up, made a corking two bagger and was advanced to third by a well placed bunt by Reiter. He could get no further, however. Again in the second Dempsey got a life on an error and stole second, but the next three batsmen could do no better than fan though Umpire McMenamin called fully as many they swung at. Nothing was doing for the locals until the sixth, when Duval drew a pass, but he was quickly doubled at second, ending that hope. Again in the seventh Marone and Dempsey both singled and were off with none out, but the hits were missing. In the eighth Duval was given a life by Apple's error and stole second, coming home when Reiter singled. He was advanced a base on Tryon's out and came in when Marone singled. Two runs tell the story of the Cubs' run getting.

Apple was first to score for the visitors, who had been held for three innings to one, two, three order. He reached first when Dempsey erred, stole second and came home on Kerley's single. In the sixth the visitors grabbed a couple. Signor made a single and Fish following reached first when Marone stumbled in attempting to field his bunt. Both came home on Kerley's lorking two-bagger. They gleaned another couple in the ninth when Blowers dropped, after a hard run, Kerley's vicious drive to right, and he came home on McConvery's single, the latter being advanced to third by a couple of outs. He reached the fourth station with the fifth score on Butch's double.

The same teams play this afternoon at 4.15.

LEAD TO come.

RAIL SHARES GAIN FURTHER IMPETUS

Trading in Transportation Shares Far Exceeds That in Any Other Part of List

New York, Sept. 2. — Transportation shares assumed a more dominant position in the stock market today, further accumulation of those issues at additional gains of one to three points far exceeding the trading in any other part of the list.

Included in today's demand were a number of dormant or obscure transcontinentals, grangers, coalers and cotton carriers that had figured very slightly, if at all, in the recent sustained movement.

Industrials also improved, less pressure being observed in some of these specialties, notably the low grade oils and motors, which had been the especial targets of the bears in the early days of the week.

Reassuring advices respecting the industrial situation brought renewed strength to textiles, coppers and utilities, the latter being represented by People's Gas, LaClede Gas, Philadelphia company and the express company issues.

Money conditions were an important factor, the rates for call loans manifesting an easier trend, despite many withdrawals for federal account.

An eight per cent rate was quoted at the opening with seven per cent at midday and six per cent in the final hour, the latter being the minimum quotation with few exceptions since midsummer.

Profit taking, prompted in part by the approaching triple holiday, caused considerable reduction of gains in the latter dealings, an irregular tone prevailing at the close. Sales amounted to 735,000 shares.

Trading in bonds was unusually large with rails as the chief feature. Liberty issues eased after hardening, but Anglo-French fives, Paris sixes and French municipals scored substantial gains. Total sales par value aggregated $10,275,000. Old U. S. bonds were unchanged on call.

New York Produce.

Fordson
TRADE MARK
Farm Tractor

Winter or bad weather does not hinder the Fordson's usefulness. There is always some job—draw-bar or belt—that the Fordson will do more quickly, more efficiently and with a small consumption of fuel. Besides, it solves the labor problem.

Day or night—twenty-four hours a day if you choose—you can utilize the Fordson. Like the machines in the factories, the Fordson furnishes power that is always ready for use—a power that means a saving in labor and time. And for that reason, the Fordson is a money-maker.

Back of the Fordson is the Fordson service organization — Fordson repairmen and stocks of extra parts —are always convenient and insure you continuous use of your tractor.

Don't delay ordering your Fordson. Only so many are allotted this territory and orders are filled in rotation. Let us have your order now; we will give it prompt attention.

OTSEGO COUNTY NEWS

BASEBALL AT MILFORD.

Herkimer Independents Here Monday Morning—Milford at Cooperstown.

Milford, Sept. 2. — There are no ball games in Milford this week, but on next Monday the fast Herkimer Independents will be here for a game with the local team. The game will be called at 10 o'clock, standard time, at Wilber park.

Monday afternoon, at 4 o'clock, the Milford team will play Cooperstown at Doubleday field, Cooperstown. President Heydler, of the National league, is to be present at this game and will bring a National league umpire to umpire the game, in order to help in raising the necessary funds to purchase Doubleday field.

Rev. D. E. Fritts to Athens.

Rev. D. E. Fritts and Mrs. Fritts, who have been spending the summer in their cottage at Arnold's lake, leave next week for Athens to reside, where Mr. Fritts has been appointed pastor of the Lutheran church.

Odd Fellows' and Rebekah Picnic.

The Milford Odd Fellows and Rebekah lodge will hold a picnic at Three Mile Point, on Otsego lake, next Monday. Time of departure, 10 a. m. All members are to take a plate, cup and silver. Each Rebekah will take sandwiches for family and one other dish. All members invited.

Farm Sale.

Mrs. Caroline Chrisman has sold her farm on the east side of the Susquehanna river, between this village and Portlandville, to Harry VanBuren of East Worcester. Possession given September 1.

Move to Rider House.

Mrs. Julia S. Hall is moving this week into part of the E. H. Rider house on South Main street. Mrs. Hall and daughter, Miss Myra Hall, returned last Saturday from Michigan, where they have been spending the summer.

Completes Studies at Albany.

Miss Louise Winne has completed her studies at the Albany Business college and is spending a few weeks' vacation at the home of her parents, Mr. and Mrs. A. E. Winnie.

Undergoes Operation.

Miss Florence Winslow, daughter of Mr. and Mrs. Stephen Winslow, was operated upon at Thanksgiving hospital, Cooperstown, last Saturday, for the removal of diseased tonsils and adenoids. She is recovering nicely.

OTEGO OCCURRENCES.

Epworth League to Hold Outdoor Service—Grange Picnic Monday.

Otego, Sept. 2. — Two musical numbers were rendered at the Methodist church last Sunday. Miss Maise Harris of Osland, Ohio, played a violin solo in her usual capable manner. She was ably assisted on the piano by Mrs. Glen Poole.

In fine voice and impressive manner, Earl Parker of Springfield Center sang a bass solo, "The Pharisee and the Publican."

Next Sunday, the congregation will be favored with a cornet solo by Glen Poole. The sermon theme will be "Why Stand Ye Idle All the Day?" In the evening, beginning at 6 o'clock, the Epworth league will hold an outdoor service. The subject will be "The Beauties and Wonders of God's World." Everyone is cordially invited to be present. Meet at the church at 5:45 o'clock.

Successful Dinner Held.

The Otego grange picnic will be church last evening by the Epworth leaguers, under the supervision of the social president, Miss Bernice Fish, was very successful. The proceeds were $38.50. The music by the church orchestra was greatly appreciated.

Grange Picnic Next Monday.

Ahe Otego grange picnic will be held in Die Ball's grove, Otego, on September 6. All Grangers are cordially invited.

AT MILFORD CENTER.

Baptist Church News — Local Mention and Personal Notes.

Milford Center, Sept. 2. — Rev. and Mrs. W. Ward entertained Deacon and Mrs. Myron Edson and Deacon and Mrs. R. L. Garlick at dinner last Friday.

The Boys' club meets this week Friday night.

There will be preaching services next Sunday evening at 7:30. Everyone is invited. Rev. E. W. Rimpo of Paterson, N. J., occupied the pulpit Sunday morning, giving a very thoughtful and inspiring discourse.

News Notes.

Miss Meriba Hubbard of Maryland visited Mrs. W. G. Wright over Sunday. — Mr. and Mrs. Malan Arnold and son, Leslie, and Mr. and Mrs. H. J. Ferguson and daughter, Anna, are spending a few days at Thousand Islands. — Miss Helen Wright is a guest of Miss Pauline Fuller of Otego. — Miss Helen Morris is camping at Warner lake with a party of friends from Cobleskill. — C. S. Morris finished hoppicking Monday. — Mrs. Alice Peaster and son, Raymond, of West Kortright, visited Mrs. George Townsend recently. — Mrs. Belle Preston and Mrs. W. G. Wright of this place and Mrs. Ray Shepard of Colliers attended the county meeting of the Home bureau at Cooperstown last week. — Miss Florence LaMonte of Cobleskill is a guest of Mrs. Clark W. Morris. — School will begin next Tuesday, Sept. 7. — Addison Lull is having his buildings wired for electricity. F. E. Teel of Milford is doing the work. — Mr. and Mrs. J. L. Peet were away on a three-day pleasure trip recently. In company with friends from Afton they attended the Farm bureau picnic at Ideal park, Johnson City.

BOY HIT BY AUTO.

Maryland Lad Escapes Serious Injury — In Accident Wednesday.

Maryland, Sept. 2. — While several small boys were playing on the state road Wednesday, the young son of Mr. and Mrs. Ernest Blencoe was hit by an auto. His injuries are not thought to be serious.

Personal Notes.

Miss Susie Sawyer, who has been working in Oneonta, has returned home. — Jay Swackhamer of Oneonta is visiting his grandmother, Mrs. Ellen Smith. — School will open next Tuesday, Sept. 7. — Frank Chamberlain and son, Glenn Chamberlain, left this week to attend the Walton fair. They will exhibit their stock and sheep. — Mrs. George Ehrenfels recently visited friends at West Oneonta. — Mr. and Mrs. Burdett Scott and children of Detroit, Mich., are visiting Mr. and Mrs. M. Cummings. — Frank Davis, who is working at Hartwick, recently visited his family here.

Came Out of Army Like a New Man

Hudson, N. Y.—"In the year 1863 my uncle, Robert Steckles, enlisted in the army and was sent South. Sleeping on the wet ground he contracted a heavy cold. He got so bad he was discharged, and came home a total wreck. He coughed night and day—could not sleep. I thought he would die. The doctors did him no good. I had always used Dr. Pierce's Golden Medical Discovery for bad coughs and for stomach trouble with good results so I bought a bottle and had my uncle use it. In four days after starting to use it he said to me, 'Billie there is a lump in my throat and I don't cough so much.' I told him the medicine was helping him and in a few days the lump would be gone. In six days his coughing was just about over. He used three bottles of the 'Discovery' and came out like a new man—appetite and digestion in fine shape. He was the wonder of all the neighbors, as they surely thought he had consumption."

"My wife used Dr. Pierce's Compound Extract of Smart-Weed for quinsy sore throat. It is fine for gargle. Dr. Pierce's remedies are safe to use and save many doctors' bills."—W. H. RIGHTMYER.

York, N.Y.—"For some length of time I have been troubled with my liver and indigestion but have received so much benefit from using Dr. Pierce's Golden Medical Discovery that my health is very much improved. I would recommend this remedy to all who are troubled in the same way. I am satisfied that it will do everything claimed for it.—JAMES McGREGOR.

DELAWARE COUNTY NEWS

THE STREETS OF DELHI

Are in Best Condition of the Season—Concrete Train Wrecked.

Delhi, Sept. 2.—At no time for the past few years have the streets of Delhi been in as good condition as at present. The contractors building the new concrete road through Main street have removed the loam with which each year it had been top-dressed, leaving a good hard surface, which did not even get muddy during the recent heavy rains.

The village authorities have put Franklin, Clinton and Second streets in fine condition.

Several hundred feet of concrete road has been put down at the lower end of Main street, extending up as far as the O. & W. depot. Within the last day or two the giant concrete mixer has been moved to the eastern end of Main street and concrete is being spread, commencing at the Bloomville-Delhi state road. Approaching Delhi from the Bloomville direction, detour should be made at Fitch's bridge and approaching from Walton way at DeLancey or Sherwood's bridge.

Delhi's Trolley Line.

Two miles of trolley road is being operated through Main street by the Universal Steel Export company. Trains loaded with dry concrete at the railroad station are being hauled to the mixer at the upper end of the village. Quite a bit of excitement was created today as a train of six cars was wrecked in front of the Edgerton house. No lives were lost and no great damage was done, aside from spilling the concrete.

Death of Son of Former Residents.

Word was received here by friends of the family of the death in Mt. Vernon on August 17, of Harry, only son of Mr. and Mrs. William Berray, who were former residents of this town. The boy was hurt by a motor truck on August 13 and died as stated above from the injuries. Sympathy is extended to the family as this is the third bereavement within a month.

Primary Must Conform to New Time.

At the coming primary election, the polls will open and close on New York state time, or what is more popularly known as new time.

The vacancies on the Democratic ticket for Delaware county caused by the declination of Jerome Farrell of Walton for member of assembly and William D. Ceas of Bloomville for county treasurer, have been filled by the committee naming Joseph Axtell of Deposit for member of assembly and James Thompson of Delhi for county treasurer.

SOUTH KORTRIGHT NEWS.

Village School Opens Next Tuesday—Big Timber Job.

South Kortright, Sept. 2.—The village school will open on Sept. 7, and with two excellent teachers, a successful year is expected. M. C. Carpenter of Unadilla Forks returns as principal and Miss Alice Davidson of this village will have the primary department. Miss Davidson has taken a summer course at Cortland this season.

Buys a Tenant House.

John A. Sharpe has purchased the house at South Kortright, which was owned by John Smith and is occupied by John Vrees. It is understood Mr. Sharpe, who has a large farm, will rent the house.

Starting Big Timber Job.

Earl Carson is to remove from South Kortright to the Theophilus Higbe farm up the Rose's Brook road, having engaged to cut and saw the timber on the place. Mr. Carson estimates that the work will require three or four years. There is a quantity of fine marketable lumber on the place.

NORTH FRANKLIN.

North Franklin, Sept. 2. — School commenced in District No. 1 on Wednesday with James Wilson as teacher. —Miss Ada Blanchard returned Monday to Oneonta after a two weeks' vacation.—Mr. and Mrs. A. N. Denney of Mt. Vision are spending their vacation among friends in North Franklin. — Maurice Judd went the last of the week to Buffalo and drove back a Ford sedan for the Oneonta

(Concluded on Page Eight.)

Put At Least $300 Into German Marks

The present sensational opportunity to make large profits in German Marks may soon disappear with the sudden advances of the Marks which is expected. Just now $300 buys an option on 100,000 Marks over a period of six months. Such an option, should Marks return to their normal value, would enable purchaser to clear a net profit of $19,000. If Marks rise to only HALF their normal value, you take a profit of $7,500.

Germany, formerly one of the great Powers, has suffered great losses in the War, but her remarkable industrial structure has been left practically intact, since the fighting was not done on her soil. Her industries were affected mostly by the shortage of raw materials and labor. As these are now becoming more and more plentiful, there is absolutely no room for doubt as to Germany's complete recovery, and the return of the Mark to its normal level.

Hence our advice to every man who apprehends the extraordinary opportunity to invest at least $300 at once in an option on German Marks.

The rates of SIX MONTHS OPTIONS on Marks are as follows:

$300 Controls 100,000 MARKS POSSIBLE PROFITS. $19,000

$150 Controls 45,000 MARKS POSSIBLE PROFITS. $8,500

$75 Controls 20,000 MARKS POSSIBLE PROFITS. $3,600

$40 Controls 10,000 MARKS POSSIBLE PROFITS. $1,900

THERE IS NO RISK BEYOND THE COST OF OPTION, AND THERE ARE NO MARGIN CALLS. Forward your remittance today for any of the Options listed. WIRE RESERVATIONS IMMEDIATELY AS PRICE IS SUBJECT TO ADVANCE OVER NIGHT.

THERE WAS A TIME.

There was a time when strikes on railways, in coal mines, or anywhere else for that matter, were conducted with due regard to sacred covenants and to the interest of the general public. If men had agreed to work for a certain period for a given wage, they could be relied on to live up to the agreement, just as much as their employer could be relied upon to carry out his own part. This was in fact and to this day is practically essential, since it is upon the cost of coal, of labor, and of transportation and the certainty of delivery of all three of them that contracts for and the prices of articles are based. A builder, for example, enters into agreement to build a house, and whether the price agreed upon will or will not return a profit is dependent on certain calculations he has made as to cost of materials, its delivery at stated times, and the freight charges thereon. He is not basing his figures, therefore, merely on the wages paid his own employes and their good faith, but on the faith and honor of employers and employes generally the country over. It is an endless chain, and no link of it can be broken without spelling disaster for some one.

What is true of the builder is true also of every other class of employment; and that of late there have been far too many instances of disregard of agreements is reason in large part for the prevailing unrest and uncertainty in many occupations, and also for the high selling price of articles, since nobody knows with any degree of certainty whether an order booked can be filled. Under such circumstances can anyone wonder that confidence is undermined and that the contractor or vendor of articles for future delivery endeavors to protect himself by a percentage of estimated profits large enough to cover any emergency?

Recent instances, such as the Brooklyn Rapid Transit strike, the threatened anthracite coal strike, and the strike of outlaw unions on the railways, along with such entirely unauthorized ones as the sympathetic longshoremen strikes in New York during the past week, are in striking contrast to the well-remembered D. & H. railway strike, when due notice of sufficient length was given to everybody, the grievance was well understood and the men housed all engines and took trains in transit to their destination, afterwards conducting themselves with a dignity and self-respect which won universal approval. In the long list of strikes which daily are recorded, it is a pleasant thing to look back to, as also the further fact that when it had run its short course there remained the same cordial feeling of good will as before between employers and employed.

COMMENTS OF THE PRESS

Tennessee's Vain Tricks.

The attempt of anti-suffragist members of the Tenessee house of representatives to undo the action of the state legislature in ratifying the woman-suffrage amendment was timed too late. Tennessee's ratification of the amendment had been duly certified by the governor of the state, and with Secretary Colby's proclamation that it had been ratified by the required number of states the nineteenth amendment had become part of the constitution of the United States.

If at any time that it might see fit the legislature of a state could reverse its position and recall its previous decision, there would never be any finality about the adoption of an amendment to the constitution. Thirteen states could at any time by withdrawing their ratification, reamend the constitution by striking out an amendment that had already become a part of the supreme law of the land.—[New York World.

Prejudiced Jurors.

Another reason times are hard for hold-up men who get into court is that it is no longer possible to impanel a jury of 12 men without getting several who have been victims of hold-up men.—[Kansas City Star.

Waking Up.

Disaster to the armies of Lenine on the Polish border does not indicate the fall of Sovietism more than other reports which crop out in the news of the day from time to time. A recent report from Berlin recites the disappointment of a commission of independent German Socialists who have just returned from a visit to Russia to investigate conditions. Information is reported in Washington from various European industrial nations that the cause of Bolshevism is waning, and that the majority of labor is comprehending its folly.—[Philadelphia Evening Bulletin.

The Same Old Error.

Another bit of circumstantial evidence supporting the charge that the Russian Red army is directed largely by German officers is the fact that the Reds are repeating so many of the characteristic blunders of the German militarists.—[Chicago Daily News.

LITTLE ONE CHOKES TO DEATH

SAD ACCIDENT DARKENS HOME OF FRANK HOWE OF SIDNEY.

Infant Son Strangled by Bean Lodged in Throat — Dies in Oneonta Before Surgical Assistance Could Be Given —Funeral Today at Home in Sidney.

A sorrowful incident, beginning at the home of Mr. and Mrs. Frank Howe in Sidney early Wednesday morning, had its tragic ending in Oneonta about eleven o'clock in the forenoon of that day, when their little son, Donald, a bright and lovable boy of only one and a half years, choked to death, the cause being a bean lodged in his throat.

The little boy, who was exceptionally bright and active, had been left for a few minutes in one of the rooms of the home and at once began investigation of the various things about him. He was heard to close the drawer of a sewing machine and when seen was noticed to place something in his mouth, which strangled him when he attempted to swallow it. The approved plan of holding him head downward and shaking him to remove the article was at once employed, but it had passed so far down the windpipe that this was impossible.

Mr. Howe, their efforts at home being unavailing, quickly carried the little sufferer to the office of Dr. Loomis, who used every means a hand without avail, and at his suggestion the child was hastened by auto to Oneonta, in order that an X-ray might be taken and that the obstruction, which was believed to be some metallic object, might be located and removed. On reaching this city the lad, accompanied by Dr. Loomis, and by Drs. Brinkman and Brownell, was taken to the office of Dr Luce, where the X-ray failed to reveal the location of the obstruction, and before tracheotomy could be performed the patient expired.

An autopsy showed that the obstruction was a white bean, which had lodged in the trachea just above the bifurcation, or point where it divides to the lungs, and that, swelling, it had in a short time entirely cut off the supply of air to the lungs. Coroner Getman, who also was present, issued the proper death certificate, and a little later the father departed for home, carrying in his arms the pitiful burden which so short a time before had been the hope and pride of the household.

To the heart-broken parents the sympathy will be extended not only of neighbors and friends in Sidney, but of all who hear or read the sad story of so sudden and sad a bereavement.

The funeral will be held at the Howe residence on Smith street in Sidney at 2 o'clock this afternoon. Rev. A. D. Finch of the Methodist Episcopal church will officiate and interment will be in Prospect Hill cemetery.

WEATHER FINE FOR FARMERS.

Conditions of Past Week Favorable for Fruit, Vegetables and Grain.

Conditions during the past week were again favorable for crop growth and from operations, according to the summary of weather and crop conditions in New York state for the week ending August 31, sent out from the Ithaca office of the weather bureau. The temperature was moderate, while fair weather during the first half of the week was followed by general showers.

Corn continued to make satisfactory improvement, and now needs about three weeks to mature. The condition of the potato crop shows little change from last week, with no increase in rot or blight.

The oat harvest continued and the crop is now largely cut, although much remains in the field. Some threshing was done during the week, and the yield was reported good.

The weather was favorable for fruit, which continues in good to excellent condition. Early peaches, of good size and flavor, are being picked in the Ontario fruit belt.

Sails for Yokohama.

The many friends of Francis E. Shultis, son of Mr. and Mrs. Otis Shultis, will be pleased to learn he has landed safely at Panama, and sails from there to Yokohama, Japan.

COUNTY FAIR CLOSES TODAY

FEATURE OF FINAL DAY WILL BE FREE-FOR-ALL RACE, WITH LARGE FIELD ENTERED.

Crowd of 8,000 People on Grounds Yesterday — Senator William H. King Gives Address — Manrico Beats Camp's Gaiety Miss Three Straight Heats.

Cooperstown, Sept. 2.—The third day of the county fair passed off smoothly today and saw a crowd of 8,000 people on the grounds, including a great many of our out guests, who expressed themselves as well pleased with the exhibits and races. The weather was fine, although a trifle cool, and the big crowd seemed to enjoy itself.

The races today, especially the 2:25 pace, were unusually good, the contests being exciting as well as interesting. In the 2:17 pace, Manrico beat Camp's Gaiety Miss three straight heats, the Oneontan's horse being unable to overtake the fast Ilion horse. The results follow:

2:17 Pace, 2:13 Trot, Purse, $100.

Manrico, Mrs H. Folts Ilion	1	1	1
Gaiety Miss, Camp, Oneonta	2	2	2
Gertrude C., Tom Cain, Madison	3	3	3

Time—2.18¾, 2.18¾, 2.17¼.

2:25 Pace, 2:21 Trot, Purse, $100.

Don Chato, S. Justice, Ilion	2	1	1
Zoller B., Springer, Herkimer	1	2	2
King Ashburne, Ochatko, Herkimer	3	4	4
Minnie K., Talbot, W. Winfield	5	4	3
Mischevious Tom, W. Getman, Richfield Springs	4	5	5

Time—2.21½, 2.20¼, 2.22¼.

The balloonist was able to make his ascension today and the triple parachute drop attracted much attention. He landed on the Iroquois farms, east of the fair grounds.

Today's speaker was Senator William H. King of Utah, a statesman of national reputation, who is an ardent advocate of the league of nations, and his talk was chiefly on that topic. He also discussed the Presidential campaign from the Democratic standpoint.

The feature of tomorrow, the last day of the fair, will be the free-for-all race. There is a large field and the race will undoubtedly be hotly contested.

Floral hall is a mass of bloom, as that building is devoted to flowers and vegetables. One of the best exhibits of gladiola ever seen upon the grounds is here this year. The grangers have as always been loyal to the fair, as is shown by the large and varied collection of grains, fruits, vegetables and flowers. Although there are many individual exhibits in this hall, the work is chiefly that of the county granges.

Domestic hall, as usual, bears evidence to the many hours of labor done by the hands of the women of the county; dainty pieces of embroidery, crochet work, knitting as of olden time, woven rugs and other varieties of handiwork bear witness to many hours of patient work, as well as to the artistic taste of the maker. A unique exhibit in this hall is that of the Southern N. Y. Power company, a five-room house is shown with all the electrical articles that can be used in housework; cookers, cleansers, toasters, irons, etc., all are shown and demonstrated.

Chickens, ducks, geese, and every other kind of domestic fowl, are here this year in the department set aside for them. This building, as has been for the past four fair years, is more than filled to capacity, many of the coops being placed outside the building. The large varieties prove that many farmers and others are interested in choice poultry.

The Otsego County Home bureau is making its presence known in two much appreciated ways. On the upper floor of the secretary's building, there is a room that has been reserved for a nursery and rest room. This has been comfortably furnished with chairs, cribs for the children, toys for little ones, current literature for the elders, etc. Mrs. Walter I. Gardner, a nurse, is in charge here. She will take charge of the little ones, giving mothers the chance to enjoy the attractions of the fair, knowing the children are in good hands while they are so doing. Each afternoon, from 2 to 5, Miss Dorothy Kramer will be on the grounds at the rest room, to entertain the little folks with games, stories, etc.

The Home bureau is also serving milk on the midway. Milk will be sold by the glass or bottle, as the patron may wish.

Another room in the secretary's building is devoted to the canning exhibit of the Home bureau, special racks having been made to display the jars. The exhibit of last year was excellent, but this year surpasses that of last fair time.

To Hold Annual Reunion.

The Kimball-Hungerford-Osterhout reunion will be held Monday, Labor day, at Neahwa park. Bring usual refreshments, also chicken pie for family, with dishes and silver.

Sweeten the Sink

(National Crop Improvement Service.)

No matter how carefully attended or efficient the housekeeper, sinks will accumulate grease and smells unless disinfected at proper intervals.

One of the best and most harmless of disinfectants is formaldehyde. A few drops in a basin of water will sweeten the sink, and the same solution may be used in cupboards, pantry shelves, refrigerators, etc. The strong pungent odor will soon evaporate and leave no discoloration. Formaldehyde is a true deodorant and does not mask one odor with another.

VERY LARGE REGISTRATION.

Largest Entering Class of Oneonta High School Indicated Yesterday.

Yesterday was the day for registration of pupils who at the beginning of the school year on Tuesday next expect to enter the first year class at the Oneonta High school. The principal's office was open from 9 a. m. to 12 m. and from 1 to 4 p. m. in the afternoon and in that time 129 pupils registered, all but a few of them for the Freshman class. As there are known to be others yet to register, it is believed that the class will be the largest in the history of the school.

The office will be open for registration of Sophomores at the same hours today, and Principal VanDeusen states that any Juniors who will not find it convenient to register Saturday morning can do so today.

Meetings Today.

The Loyal Helpers of the Main Street Baptist church will meet with Mrs. Harry Conse Friday afternoon. Come prepared to tie quilt.

Regular meeting of Mooseheart legion this evening at 8 o'clock sharp.

Regular monthly meeting of the Woman's Foreign Missionary society of the First Methodist Episcopal church will be held in the church parlors this afternoon at 2:30 o'clock. Will those having mite boxes please bring them to the meeting, as this is the last meeting of the year. Supper will be served.

The W. C. T. HRLUETAOINEA

The W. F. M. society of the First Methodist Episcopal church will hold its regular monthly meeting at the church today from 2:30 till 5 o'clock. Please bring contents of mite boxes. Supper will be served.

Representing Ex-Service League.

Six men representing the Ex-Service Men's Co-operative league are in Oneonta this week, for the purpose of making a general survey of the field in this county in connection with the bonus campaign, and for financial support while carrying on the work rely upon the sale of three small war booklets of interest. The men are in charge of Floyd Vinyard, who states that four of them saw service over seas and that some of them were wounded.

At Ward's Cafeteria.

A few of today's specials are: Clam chowder with crackers, or bread and butter, 15c; broiled blue fish, mashed potatoes, bread and butter, 50c; roast beef, pan gravy, apple sauce, mashed potatoes, bread and butter, 50c; roast prime ribs of beef, mashed potatoes, bread and butter 50c.

Don't forget the "Blue Plate" every day. Special lunch consisting of meat or fish and two kinds of vegetables, costing from 40 to 50 cents.

Get the Cafeteria Habit.

Some things that will appeal to you especially today are: Cherry stone clams on half shell, New Jersey soft shell crabs, broiled blue fish, fresh cod fish, fresh Maine live lobsters, fresh spring water served free of charge.

Dancing every evening from 9 to 12. Ward's Cafeteria at Oneonta hotel. 1t

Charles M. Wright of the firm of Dauley & Wright returned yesterday from Otego, where he closed the contract with William Snyder for a $2,000.00 monument to be erected in Evergreen cemetery, Otego, for the late Theodore W. Snyder for many years sheriff of Otsego county. The monument will be a three piece Quincy granite, all polished, and will be a fitting memorial for one so well-known throughout Otsego county. 1t

For Sale—One of the best state road farms, near grade A milk market; fine building and the best and lots of water; with 35 milk cows, hay and ensilage to winter 50 head; 3 young horses; milking machine; water buckets; everything just what a lot of you have been looking for. FIVE MEN NOW HELD

Lewis Yager and William McKinney Arrested as Members of Gang

EIGHT MORE CARS RECOVERED

Dozen Stolen Machines Now in Hands of Local Police; Six of Them Returned to Owners—Gang Operated for Year in Many Cities of State, Cleaning up Thousands of Dollars—Authorities Still Search for More of the Stolen Cars.

Police Chief Frank N. Horton announced yesterday that two more arrests had been made in the auto theft plot uncovered by the Oneonta police department and that eight more of the stolen cars had been recovered, bringing the total up to 12, with several more still to be located. In its operations, the gang visited Binghamton, Albany, Schenectady, Ilion, Mohawk, Herkimer and probably many other cities throughout the state.

The five men now held for complicity in the thefts are:

Earl Thayer, 20, of Oneonta.
Edwin Porter, 20, of Oneonta
William McKinney, 20, of Oneonta.
Lewis, Yager, 28, of Oneonta.
Lyman Hotaling, 35, of Sidney.

As told in yesterday's Star, three men were then in custody, but Chief Horton got word yesterday from Officer O'Dell, who went to Plattsburg in search of McKinney, that his man was there but he had been a little too late to nab him. Instead, McKinney had been arrested by the Plattsburg police for larceny in another instance. Chief Horton is confident, however, that after the Plattsburg police have got through with McKinney he will be brought to Oneonta to explain his part in the gang robberies.

Lewis Yager is now at liberty on $1,000 bail, having waived examination and been held for the grand jury when arraigned before Judge Huntington yesterday. He is charged with receiving stolen property, six of the cars that "the gang" stole having been found in his garage. This is the first time that Yager, who some time ago was employed as a machinist on the D. & H., had been arrested by the local police, he previously having borne a good reputation. Since his arrest he has endeavored to "make good" with the persons who purchased the stolen cars from him and who consequently lost money when the cars were returned to their rightful owners. He admits that he knew he was handling stolen property, but said he had no part in obtaining the cars, which the police have found to be so.

All of the other four men are charged with grand larceny in the second degree and Chief Horton has obtained confessions from all except McKinney, whom he has not yet examined. Thayer, who is still confined in the city jail, will be given a hearing in court this morning and undoubtedly will waive examination and be held for the grand jury, with an opportunity to gain his freedom in the meantime on bail.

In addition to the four cars referred to in yesterday's issue, the local police have received eight other stolen machines, thus bringing the total up to 12.

Sam Divorsky of Schenectady came to Oneonta yesterday and identified a Buick six touring car as his property, and he drove it back later in the day. It had been in the possession of Yager, who had changed the engine number and otherwise cleverly sought to prevent it from being identified.

Chief Detective Loren W. Rummer of Binghamton was in Oneonta Wednesday and returned to Binghamton with a Chevrolet touring car belonging to Walter H. Gage of that city, which was stolen on August 27 from a parking place there. Thayer is said to have admitted that he took this car. The Binghamton police believe there is another gang operating in that vicinity now, as several cars have been stolen in the past week or so, since the Oneonta gang was jailed.

Four machines, two Fords and two Chevrolets, are still in the possession of the local police, who have been unable to locate their owners as yet. All of the cars had been sold to residents of this vicinity, who turned them over to the police when they learned that they were stolen property. Another Ford car the police have located is now on a tour of the Catskills, Yager having loaned it, and upon its return it will be seized. The twelfth car, a Ford, the police have not yet gone after, but it has been located on a farm in South New Berlin.

Ten thousand dollars is a conservative estimate of the value of the dozen cars the police have already recovered, and before they are through it is not improbable that they will have twice that many. As it is a known fact that the gang has been operating for a whole year, there is no question but what a much larger number of cars has passed through their hands. That they knew their "business" is evidenced by the fact that the engine numbers of all the cars were changed, and the original license plates had been discarded.

According to the prisoners' stories, the easiest way to get the cars was to visit parking places in cities and "take your pick." The only one of the gang who had no part in stealing the cars was Yager, who simply acted as a go between. Hotaling also acted in this capacity, but is said to have had a part in some of the thefts. Hotaling and Porter are now in the Herkimer county jail, where they will await the action of the next grand jury.

Thus, through the efforts of Oneonta's five-man police department, has been uncovered the most daring plot known in this section in many years. The activities of the gang have been state-wide in scope, but it was primarily through the activities of Chief Horton and his aides that they were brought to justice.

The Dodge touring car of Charles Sanford, which was stolen last week from his farm on South Side, has not yet been located by the police, but they have several promising clues. They do not believe it was taken by the gang just arrested, but by other parties.

C. C. MILLER GIVES PICNIC.

Employes and Members of the Family Enjoy Day at Cliffside.

The annual clambake given by C. C. Miller to employes and members of his family occured at the Miller camp at Cliffside yesterday and was participated in by about 50 people. In the afternoon, a ball game of five innings was played between the plumbers and the electricians of the firm, resulting in the score of 22 to 11 in favor of the plumbers. Although the hitting was hard, one ball and one bat lasted throughout the game. One of the brilliant features of the game was the fielding of Waters. The batteries for the plumbers was Salisbury and Davidson, for electricians, Stiles and Coats. At 6:30, the guests were seated and a bountiful supply of the usual elements of a clambake were enjoyed by all. The eatables were done to perfection and were most delicious. Mr. and Mrs. Miller and assistants served the guests and many high records were made by famous clam eaters. Miss Salisbury and Elbridge Hoyt made high records, but when the host was seated all records were made insignificant, the official scorer getting writer's cramp. Later a big bonfire was built and story and song ended a day of great enjoyment for all present. The cordial feelings between Mr. Miller and his employes have always been marked, and the day will be remembered by all.

Several Nestle Plants to Close.

The Nestle Food company has sent out letters to dairymen at nine different points in Chemung, St. Lawrence, Broome and Orange counties announcing that after October 1 they will cease to operate the plants at these places. While this notice has caused some uneasiness elsewhere, no Otsego or Chenango county plants are to be closed so far as is known. In the letter the company offers to sell the plants to the Dairymen's league or other purchasers, and to cooperate in the smooth working-out of a transfer of interests.

The world situation and the large stock of unsold milk on hand are the reasons given, along with the high cost of manufacture, for closing. The company is understood to have six millions of cases of the manufactured product on hand.

Mrs. Hoxie Receives Scholarship.

Mrs. Lucy B. Hoxie, who is the public librarian at Edmeston, is one of the fortunate heads of New York libraries in towns of 6,000 population or less to receive one of the scholarships awarded by the State Library association this year. The winners have railway fares and hotel expenses paid to the annual meeting to be held next month at Lake Placid. Three scholarships are given as recognition of excellent service in village libraries during the year, with special attention also to success in library publicity.

Undergoes Operation.

Ralph Ormiston, son of Mr. and Mrs. J. L. Ormiston of 22 Gault avenue, was operated on yesterday for tonsils and adenoids at the Parshall hospital. The operation was performed by Drs. McMenamin and Augustin. He is reported as doing nicely.

For Sale—An 8-room cottage, slate roof, dandy location for railroad man. Price, $2,500. Look this up quickly—they don't stay long. Campbell Brothers. 1t

AN OLD-TIME "DOLLAR DAY."

Staged for Today and Tomorrow at Shear & Sharping's Store.

The Shear & Sharping shoe store, 231 Main street, is staging for today and Saturday an old-time "Dollar Day" sale. Ralph A. Kline, the local manager, has been for weeks planning for this event and has succeeded in securing a grist of shoes, which he says are offered at bargain prices that will remind one of the times when lolly-pops sold for a penny and a five-cent cigar cost a nickel.

When the Star's advertising man called last evening he found the store well filled with Dollar Day offerings. Tables and shelves were crowded to the limit and more shoes were in evidence in the stock rooms. On approaching Mr. Kline the advertising man asked "How about those shoes for a dollar a pair?" the former quickly replied: "Oh! We've got 'em," (of course he meant the shoes), and then proceeded to produce the goods. Shoes at a dollar a pair? Yes, and lots of them. Not the very best, stylish, up-to-date kinds, but good, serviceable shoes. Of course there are many other lots priced at a dollar a foot; two dollars a foot and one dollar off regular price. Mr. Kline states that those who visit the store today or Saturday are assured the best values the firm has ever given.

DROWNED WHEN BOAT UPSETS.

Jules Wagner, Formerly of Hancock, Meets Death in the Delaware.

Jules Wagner, formerly proprietor for a number of years of a saloon on Read street, Hancock, was drowned in the Delaware river near Equinunk, Pa., on Saturday, Aug. 28th, when the boat in which he had gone out fishing upset in some way and he was thrown into the water. Further details of the accident are not learned.

Mr. Wagner has for several years past been in Honesdale and Equinunk, Pa., his family, however, remaining in Hancock. His body was brought to Hancock for interment and the funeral was held in that village on Monday.

Tonight at Oneonta Theatre.

When George M. Gatts presents his musical farce comedy classic "Polly and Her Pals" at The Oneonta theatre tonight, it will be in response to the largest advance demand for a universal success that has been made for a decade. For "Polly and Her Pals," though it was advertised only by the cartoons made famous by Cliff Starrett and now running in the metropolitan dailies, has had such large and enthusiastic audiences for its promotion that its reputation was national before the end of its first month.

George M. Gatts sends "Polly and Her Pals" here with an ideal cast, ensemble and production.

Millinery.

We still have a few summer hats that we will sell on Friday and Saturday at $1.00 each. Have just returned from New York with a fine line of millinery for the fall season. Miss A. Caswell, 164 Main street, over Schatzsky's. 2t

Pianos Tuned.

PLAINS W. C. T. U. MEETS

Mrs. Nora Keith Chosen President for Ensuing Year; County Convention in Local Church Next Month — Other West End News.

At the regular meeting of the Plains W. C. T. U. held yesterday afternoon at the home of Mrs. Thomas Bates, the following officers were elected for the ensuing year:

President, Mrs. Nora Keith; vice president, Mrs. Minnie Parish; secretary, Mrs. Lena Richards, treasurer, Mrs. Lucinda VanWoert; superintendent of social work, Mrs. Delia Shepherd; superintendent of open air meetings, Mrs. Mina Cause.

Plans were discussed at the meeting for the county convention of the W. C. T. U., which will be held in the Plains Methodist church next month. The local church plans to extend a warm welcome to the visiting delegates who attend the convention, and the event will be made a memorable one in the history of the W. C. T. U.

Mrs. Schwaninger Entertains.

Mrs. E. R. Schwaninger of 102 River street entertained a party of about 20 of her young friends at her camp on Goodyear Lake Wednesday evening. The early part of the evening was spent in pleasant social intercourse, followed by the serving of delicious refreshments. The remainder of the evening was spent in dancing. All who were in attendance report a delightful time.

Note and Comment.

L. C. Millard of 330 Chestnut street spent Wednesday in Binghamton with his son, Jesse A. Millard.

PESKY BED BUGS

(Pesky Devils Quietus) P. D. Q. is a new chemical that puts the everlasting to the Pesky bedbugs, roaches, fleas, ants and cooties—impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 35c package makes a full quart, enough to kill a million bedbugs, roaches, fleas or cooties—and also contains a patent spout to get the egg nests in the hard to get-at-places, and saves juice.

Special Hospital size $2.50 makes five gallons—contains three spouts—supplied by druggists or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

GIVING AWAY VAST WEALTH

English Millionaire Socialist Practices What He Preaches.

LIVES IN A MODEST HOME

George L. Moore Determined That All His Wealth Should Be Spent "While He Was Still Above Ground"—With a Yearly Income Estimated at $5,000,000 He Has No Other Pleasure Outside Home, Garden and Library.

In the life story of George L. Moore, of London whose gift of $750,000 for a recreation ground to be known as Victory park, in memory of the triumph of the allies, the latest of many generous gifts by him, is seen an example of an immensely wealthy idealist who has devoted nearly every cent of his millions to the welfare of his fellow men.

For himself and his wife he retains of all his possessions just sufficient to provide a modest villa at Forest Hill, one of those suburbs dear to the heart of the bank clerk, the wholesale dry goods salesman, the middleman. His allowance for personal expenses—if we except his splendid library of 5,000 books—is little more than that of the average well-paid mechanic of today. In pursuance of his purpose he employs no servants, the work of the ten-room house being done by Mrs. Moore, who is in full sympathy with her husband.

Speak of Mr. Moore to any of his business associates in any of the 250 corporations with which he is connected and they will tell you that he possesses the Midas touch. But, unlike the Phrygian king, he does not bathe in a stream of gold. Above all, Mr. Moore is happily free of the objectionable characteristics which distinguish the average self-made man, his training and tastes being those of the student and scholar.

From Lawyer to Speculator.

Born at Limavady, County Derry, Ireland, he was graduated B. A. at the Queens university, ranking first of his year in mathematics. Taking up the profession of law, he for 20 years practiced in Belfast, and it was there, as the legal representative of various corporations, that he entered upon speculations in oil.

With the first fruits of his success he began to make liberal gifts to the town and county in which he was born. Then he shifted his headquarters to London, where he gradually developed into one of the largest oil operators in the world.

With a yearly income estimated at $5,000,000, he has no pleasures outside of his home, his garden and his library. His favorite authors are Homer, Virgil and Voltaire. In his collection are to be found several rare first editions of printed works and scripts.

"Books are my only extravagance," he said to an interviewer. "In all the years of a busy life I have never got over my love of Greek, Latin and French—the French of Voltaire. In summer I get up about three o'clock and from then until eight, when I go to the city, I am with my books.

Hopes to Get Rid of It All.

"When I began to get away from the routine of law practice and make real money I determined that all my wealth should be spent while I was still above ground. I have always believed that God sends us wealth in order that we may aid those who have not been so fortunate, or who are not blessed, or cursed, with the instinct of money-getting. I have a great deal more than I can ever use—more than anyone could ever need, and instead of hugging money to my heart and waiting until my death to give it away, I purpose to see men, women and children around me—above all, the children—sharing my fortune before I am called. I hope to have devoted every penny I possess to a good purpose. In pursuance of my plan, I employ no secretaries. All my correspondence, averaging 20 to 30 letters a day, is handled by myself and a stenographer.

"Perhaps I hope to teach a lesson to others—the rich people, who spend their lives in pampered luxury and self-indulgence, and who are a curse to humanity. To their evil example we owe the growth of the bolshevist spirit among the workers, as distinguished from the true socialism of which I am a follower. To the idle rich we owe the gradual growth of the spirit and the system under which a bricklayer able to lay a thousand bricks a day lays only a hundred. I am anxious to see fair play for all, employer and employed, and hope to do all I can to assist my fellows."

Find New Fertilizer.

An important addition to the fertilizer supply of the United States is to be made.

About 2,500,000 acres of lands in Wyoming, Idaho, Utah and Montana, containing valuable phosphate deposits have been divided into areas not exceeding 2,500 each, according to the Journal of Industrial and Engineering Chemistry.

For years these lands have been awaiting congressional legislation in regard to the leasing of phosphate deposits in public lands. Regulations in this connection have now been approved by Secretary of the Interior Payne. Applications for leases are to be filed with the local land office for transmission to the secretary of the interior.—Chemical Round Table.

Verazzani's Discovery of America.

A French writer is distributing a pamphlet showing that most of the Atlantic coast of the United States was discovered by the French explorer Verazzani in 1524, and urging that in 1924 the 400th anniversary of the discovery be duly celebrated in the United States.

NEW ROUTES OF NEAR EAST

Railroad Lines Will Be Materially Extended as the Result of Operations of the Great War.

The military operations of the war gave a material boost to railroad development in the near East, says Lewis Heck, in Asia. After their successful campaign at the end of 1917, the British extended their track line from Egypt to Palestine, connecting at Ramleh near Jerusalem. The line then went on to Haifa, which the British are planning to make their great port in the East and the principal terminus on the Mediterranean for a new short-line railroad to Bagdad and India, connecting Egypt and the African possessions with India. The war gave the Bagdad railway extensions in Cilicia, northern Syria and Mesopotamia—British prisoners of war furnishing much of the labor. The tunnels through the Taurus mountains were completed. Trains now run from Constantinople through Aleppo to Nisbin. At the eastern terminus of the line—Bagdad—trains run northward as far as Tekrit. Between Nisbin and Tekrit is an unfinished section of a few hundred miles. Before the war, trains did not run at night on this line, but this was changed by stern necessity. When normal traffic conditions are reestablished, the journey from Constantinople to Bagdad and on to the Persian Gulf can be made in a few days.

Shakespeare Farm to Be Sold.

Among the numerous landed properties which are coming into market during the next few months is one of more than ordinary interest, namely, the Grendon Underwood estate, Buckinghamshire, says the London Telegraph. This belongs to Mrs. Pigott, a member of a family resident in the district for centuries, who has decided to sell. This village has many historical and literary associations, which chiefly center round its westerly portion, where stands the old Elizabethan habitation now known as Shakespeare farm.

It was here, when the house was a wayside hostelry, then named the Old Shippe, that Shakespeare, it is affirmed, used to stay when journeying to and from Stratford-on-Avon.

Gas for Balloons.

Hydrogen is the gas most commonly used for balloons. It requires about 1,250 cubic feet to lift a balloon weighing 100 pounds. Coal gas is sometimes used, as it is cheaper, but is not entirely satisfactory because of its great heaviness.

Obsolete Word.

What has become of that good old word "earns?" Folks are "getting," are "paid" and are "making" so much a day. But nothing is said about anybody "earning" anything.—Los Angeles Times.

CARE OF THE HAIR

The best thing to make your hair soft, thick and glossy — Parisian Sage. Geo. S. Slade sells the genuine that does not change the natural color of the hair.

DOUGHBOY HAS A GRIEVANCE

Why in the World Don't Frenchmen Give Proper Pronunciation to Their Absurd Words?

Take the city of Troyes, favorably known throughout the A. E. F. as a practically M. P.-less burg, writes Tip Bliss in the American Legion Weekly. Naturally, any human being would pronounce it to rhyme with "noise," and go on his way rejoicing in the knowledge of a good deed well performed.

Not so the frisky prof. He calls it "Twa," though why and wherefore le bon Dieu alone knows.

But if you want to get even with the f. p., try him out with a regular word with plenty of "w's" and "h's" and "th's" in it. "Whether" is the cat's fur, as the army expression almost has it. Tackle him with "whether" and watch him gargle and stammer and sizzle and finally turn up his toes and pass away while somewhere in his insides are still resounding the last despairing notes of his infernal interpretation of a good, Christian word into "vay-zair-r-re."

"Vay-zair-r-re!" Shade of Babel!

Now, as regards the matter of spelling. One of the Frenchman's pet monstrosities in "Kiss-ka-say." Does he spell it that way? Ouija answers, no. He goes to work and unburdens himself of vowels and sibilants and things until he has gotten rid of "Qu'est-ce que c'est!"

What does it mean? It means: "What is this that this is?" Which is a fine healthy way of maltreating, "Huh?"

Huh is right.

Twins of Ninety-Five.

Living in the Scotch village of Inverkip are twins, James and William Ford, ninety-five years old. Neither of them has had a day's illness, and James has never been a single night out of the house in which he was born.

Too Much of a Strain.

Jud Tunkins says he's never going to allow any summer boarder to remain for more than a week, because it's too much work to learn new stories to entertain the same old crowd.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance. Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should rid your skin of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

ITCH!

Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Try at 75 cent box at our risk.

DENMARK TO BE REPUBLIC?

According to Reports, the Little Country May Abandon the Monarchical Principle Soon.

News dispatches from Copenhagen state that there is a possibility of the establishment of a republic in Denmark, the little country that has been a monarchy since King Healfdene ruled the country in 400 A. D.

Denmark is today a limited monarchy, ruled by King Christian, who divides his power with the two houses of parliament. During the war it suffered heavily in both its leading industries, dairying and the merchant marine. Many Danish ships were sunk by U-boats despite their neutrality, and the large herds of cattle that had supplied a large part of Europe's butter and cream were killed for food.

Denmark has a population of 2,600,000, a large part of whom live on small farms. Its area is 14,829 square miles, slightly larger than the state of Maryland. It is densely populated, with 165 people to the square mile on the mainland and 275 to the square mile on the many islands along the coast. Copenhagen, the capital and principal seaport, is situated on the island of Zeeland. The island folk form the merchant marine and the fisheries, while the farmers live on the fertile mainland.

Iceberg Was an Acrobat.

Not far from the spot where the Titanic was sunk by an iceberg in April, 1912, a fleet of 14 icebergs, some of them rising to more than 100 feet above the water line, were sighted by the steamship Munaires on a recent voyage.

Captain Fleming of the Munaires says that one of the bergs gave a remarkable exhibition of tumbling as the vessel sailed past. It had apparently lost a good deal of its under water weight through the action of the warm sea water, and as they watched it the great iceberg suddenly tipped to starboard and rolled over with an immense splash. As it fell, a big section of the top broke away, with the result that the balance was altered and the berg tumbled back again. Then, just as it was righting itself, another section broke off, and it tumbled once more. The sight was a most unusual one.—Edinburgh Scotsman.

Thread in Manchuria.

Almost all of the $2,000,000 worth of cotton thread imported annually into Manchuria comes from Japan, partly because Japanese manufacturers have the advantage over possible competitors of government encouragement and support, and partly because there has been little competition from those sufficiently interested in this market to study its requirements as have the Japanese, says the New York Times.

Goods were placed with merchants on consignment until they became known, were extensively advertised, and are now sold on liberal credit basis, so that American manufacturers entering the market will not only have to compete on a quality basis, but should adopt similar methods of pushing their goods.

Too Many Missing Periods.

Mary was in the hospital for some time and did not see as much of her mother as she would have liked, and bewailed the fact by saying: "Oh mamma, I only see you at the tops and bottom of these days and I don't like it a bit."

New Coffee Berry.

A coffee berry free from caffeine grows wild in Madagascar forests south of Fort Dauphin. The tree is usually twelve to twenty feet high with smaller leaves than those of the ordinary coffee tree, and a yellow instead of red berry.

Their Sacred Shrine.

Any attempt to burn or destroy Limerick will be resisted to the uttermost by an army of 100,000 trained poets.—(Los Angeles Times.

Lina A. E. Gale and Wife Arrested.

It seems like playing long on one string—but readers may be interested to know that Lina A. E. Gale and wife, according to a Mexico City dispatch in the New York Times of Wednesday, have been arrested on the charge of entering Mexico without a passport. Gale and his wife reached Mexico by swimming the Rio Grande opposite Laredo two years ago. The government has power to deport without trial on charge of illegal entrance.

In case he is deported, Gale will no doubt be met at the frontier by United States officers, who will have warrants for his arrest as a draft evader. However, everybody will be sorry if the present arrest in Mexico results in his return to this country. In this respect everybody is agreed. No one wants him to come back.

Wanted — Woman to work in the kitchen, Pioneer lunch. tf

Delaware County State Roads.

The work of grading the Sidney-Franklin road has been finished to the Sidney town line and the steam shovel has been moved to Cheenango Bridge, when the Lane Construction company has another piece of road under contract. Working from the foot of Bartlett Hollow hill towards the village of Franklin, the tar binder is being applied and the finished course of stone is put on.

As to the Sidney-Masonville road there is no hope of this road being completed this year, and the contractor states that it will be well into next summer before the work is completed, although by the time that snow flies the road should be 90 per cent finished.—[Sidney Enterprise.

Ho! for Summer Sandwiches

In hot weather, when you're hungry, but don't want anything too heavy, try the satisfying effect of a club or chicken sandwich garnished with lettuce—light but substantial; you'll find it ideal, non-heating Summer fare.

Here are some sandwich receipts just right for the dog-days—equally delicious for the Sunday night supper, the basket lunch or the motor-trip.

Club Sandwiches.

Make ready the desired number of pieces of toast. Prepare each sandwich as follows. Place a lettuce leaf on one of the slices; sprinkle over it a teaspoonful of salad dressing, add the sliced chicken, put on a little more lettuce and dressing, then the bacon and tomato, and more lettuce and dressing. Finish with the second slice of toast. Cut the sandwich cornerwise. Garnish with very small lettuce leaves or parsley and serve at once.

Hot Chicken Sandwiches.

Cut Bread in slices one-quarter inch thick. Spread lightly with creamed butter and lay on thin slices of chicken. Sprinkle on a little celery salt. Press the second slice of Bread in place; toast on either side and when finished butter the toasted surfaces.

Jelly Sandwiches

Spread buttered slices with currant jelly and sprinkle with chopped English walnut meats. Trim crusts and cut slices in half, diagonally.

For jam or marmalade sandwiches, follow the same directions omitting the nut meats.

Outing Sandwiches.

Prepare the desired number of slices of Bread, and butter lightly. Peel one or two sweet apples, core, and slice very thin. Place a layer of apple on the bottom slice, then a generous spread of peanut butter; add another layer of the apple and press top slices firmly in place.

To get the most delight and benefit from these Summer sandwiches, they must be made with "Nu" Bread. You'll find—

"Nu" Bread

—the loaf supreme. Ask your grocer.

We Announce Another and Our Greatest

$1.00 TIRE SALE

TUBES ALSO AT $1.00

The Long Awaited Event is Here

And Oh What a Sale It Will Be

This announcement is the answer to hundreds of letters, phone messages and personal calls, received during the past several weeks.

Everybody Asks the Same Question:

"When Will You Hold Your Next $1.00 Tire Sale?"

Our answer to everybody is given here and now.

This Sale Begins Today, September 3rd

Buy while you may—and buy liberally. Just glance at the list and make your choice.

FISK NORWALK
FEDERAL GRYPHON
McGRAW DREADNAUGHT
CARLISLE

(Seconds—But Every Tire Fully Guaranteed)

Included are also First Tires with original serial numbers, all wrapped, just as they left the factory. These include.—

Batavias and National-Speedways Guaranteed

All Cord Tires in this sale offered on the same basis, one for $1.00 and an extra Tire at the list price.
And we have planned to make this the biggest and most extraordinary distribution of high class standard Tires and Tubes ever announced. This, you know, is the original sale—the event imitated by tire dealers everywhere, and matched nowhere.

It is hard for competitors to understand how we can hold these sales periodically, selling two tires for practically the price of one. But that's their look-out. The fact remains that they never will be matched.

Our Giant Buying Power Enables Us to Bring the Price of Tires and Tubes Down to the Lowest Point.

This store, you know, is a link in the great chain of Keystone Tire Stores, which extends from coast to coast, and we share in every purchase and transaction made by our parent organization, The Keystone Tire and Rubber Co. of New York.

Make up your mind to buy Tires and Tubes now.—Choose from our stock, which was delivered before the 40 per cent freight rate increase became effective.

C. O. D. and mail orders filled accurately and promptly. No Tires mounted during this sale.

33x4 Skid. $41.24.
Two for $42.24

THE PLAN OF THIS SALE

A TIRE FOR $1

Provided you buy an Extra Tire of the same size at the list price

The List price of a Batavia Tire, size 30x3 is $18.61 and the regular list price for the Firestone Tube is $3.15. If you buy one tire and one tube at the list price we will give you an additional tire at one dollar and an additional tube for one dollar. The same applies to other makes in all sizes of any tires and tubes which we include in this sale.
